SUMMARY

Paul Moreau is a French dual degree student currently living in Raleigh, North Carolina and graduating May 2026, looking to transition his hands-on experience in dashboard development and data pipeline design into a full-time data analyst or BI role. With a background spanning both business strategy and technical analytics, he brings a cross-functional perspective shaped by working across French and American environments. Eager to learn and grow alongside experienced professionals to deepen his technical and analytical expertise. Open to relocation worldwide.

EDUCATION

North Carolina State University, Raleigh, NC *May 2026*
Bachelor of Science in Business Administration, Concentration in Business Analytics GPA: 3.70/4.0
Enrolled in the International Dual Degree Business program

Neoma Business School, Reims, France *May 2026*
Bachelor of Science in International Business Management GPA: 3.76/4.0

WORK & LEADERSHIP EXPERIENCE

Hitachi Energy, Raleigh, NC - **Community Relations Analyst Intern** *May 2025 - Present*

- Built a **Power BI** dashboard to centralize student recruitment data from 100+ campus events per year (3,000+ submissions), replacing a scattered Excel system
- Designed a **dashboard** to help identify high-value university partnerships and flag recurring candidates (some attend 5+ events), allowing regional managers to filter to their own events
- Developed **ETL** pipelines using **Power Query** and **Power Automate** to consolidate data into a **SharePoint** database (**Microsoft List**), with email-based matching to auto-complete returning participant profiles
- Created **DAX** measures to track $200k+ in annual event budget: cost-per-submission, **ROI** by event, and shared cost allocation
- Standardized ~400 free-text major entries into analytical categories, supporting bilingual inputs (English/French)
- Coordinated logistics for community and internal events throughout the year (400+ attendees for largest event)

Neoma Genius Reims, Reims, France - **President** *December 2022 – May 2024*

- Led a 25-member student association focused on making entrepreneurship accessible and guided students to develop projects and prepare for the school's incubator program
- **Managed 4 teams** (communications, events, operations, incubator) through weekly syncs with team leaders who ran their own squads
- Directed 5+ projects over 18 months, with several reaching podium finishes at regional hackathons
- Organized pitch competitions and entrepreneurship workshops, and secured sponsorships (~€3k) from partners including BPI, the Grand Est region, and local student organizations
- Represented Neoma at Startup Safari Europe 2023 in Budapest, connecting with founders and incubators across the European startup ecosystem and the European innovation center

Student Pop, Paris, France - Business Unit Project Manager *July 2023 – December 2023*

- Independently designed and delivered a **proof-of-concept data pipeline** and **Power BI** dashboard from scratch, which was permanently integrated into the team's workflow - tracking client contact volume, lifecycle stage (new vs. returning), contact channel (call vs. email), and reason for outreach (ordering issues, mission cancellations, platform bugs, in-mission incidents)
- Built the pipeline using **Excel** and **Zapier (no-code automation)** to collect, clean, and route incoming client data **(ETL system)**, eliminating manual tracking and reducing the need for operator intervention in routine client interactions
- Contributed to formalizing **CRM** best practices across the business unit, collaborating with internal teams to standardize support processes and improve response consistency

Neoma Business School Paris, France - Ambassador *October 2022 – March 2024*

- Represented Neoma Business School **at 10+ educational forums and higher education fairs nationally and internationally**, driving school visibility and contributing to the recruitment of high-potential students for the incoming cohort
- Converted prospective students into applicants through targeted one-on-one engagement, directly supporting enrollment goals for the following year's cohort
- Coordinated the 2023 admissions cycle end-to-end, including candidate preparation sessions and onboarding orientation, ensuring a seamless transition for incoming students
- Applied **operational marketing techniques** to communicate the school's value proposition across diverse audiences, adapting messaging to different profiles and backgrounds

COMMUNITY SERVICE & INVOLVEMENT

Neoma Business School, Reims, France - Academic Tutor and Peer Mentor *October 2022 – April 2023*

- Guided students in both English and French through key areas such as data analysis, accounting, and financial management. Developed and strengthened teaching skills by explaining complex concepts in a clear and accessible way in both languages

SKILLS & ABILITIES

- **Data & BI:** Power BI, DAX, Power Query, SQL, Python, R, NoCode tools (Power Automate, Zapier), data visualization, relational databases
- **Tools:** Excel, Word, PowerPoint, SharePoint, Airtable, Notion
- **World Languages:** Fluent in French, English (IELTS Certification: 7.0), German A2 level
